| S.No. | Our recommendation for the next PD Session |
|-------|--|
| 1 | There is an urgent need for a proper training calendar to be planned for the final year students so that all modules shot not are compacted into 3 days training schedule. An MoU can be signed by the authorities with us so that we deliver these modules in the whole final year. It will bring in more effectiveness and learning. |
| 2 | Undoubted, the syllabus of the PDP session was little more than sufficient as 14 different modules were delivered within 3 days. |
| 3 | A faculty member can also suggest some modifications in our training modules as they frequently interact with students. |
| 4 | The students should be counseled by class teachers about the utility of PDP sessions and they must be asked to be participative and active learning mode. |
